

Andrea Osama Zakaria Maken

Software Developer | Programming Instructor | Digital Media Specialist

✉ andreaosamaa1@gmail.com ☎ 01228026519  Andreaosama  Behance  Portfolio

📍 Cairo, Egypt

SUMMARY

Versatile Digital Media and Technology professional with experience in software development, programming instruction, graphic design, and multimedia production. Proficient in C#, Unity, HTML, CSS, JavaScript, and Adobe Creative Suite. Published an internationally recognized research paper in an IEEE conference, demonstrating strong research, innovation, and technical problem-solving skills. Passionate about building impactful digital solutions, creating engaging user experiences, and mentoring future technology professionals.

Education

Future university in Egypt

Future University in Egypt (FUE)

Bachelor's Degree in Computer & Information Technology

Major: Digital Media Technology

Graduation Year: 2024

Graduation Project

Virtual Reality Educational System for Galaxy & Solar System Exploration

- Developed an immersive VR learning experience for space exploration
- Focused on celestial phenomena such as **supernovas, black holes, and galaxies**
- Used **Unity, VR development techniques, and 3D environments** to enhance learning engagement

Professional Experience and Internship

iSchool (In Partnership with the Ministry of Communications and Information Technology - MCIT)

Programming Tutor | Cover Team

- Selected as a member of the **14-person Cover Team**, supporting over **100 programming tutors** across the organization.
- Delivered programming and game development sessions, ensuring continuity of instruction across multiple classes.
- Taught C#, Unity, and computer science fundamentals through interactive, project-based learning.
- Adapted quickly to different classrooms, age groups, and lesson plans while maintaining high teaching quality and student engagement.
- Mentored students in developing technical, problem-solving, and collaboration skills through hands-on projects.

VR Developer Intern

- Developed VR and Unity-based applications
- Created 3D environments using Unity and Blender
- Assisted in VR game production and performance optimization

Jul 2023 – Oct 2024

Cairo, Egypt

LEADERSHIP & VOLUNTEER EXPERIENCE

Google Developer Student Club (GDSC)

- Vice Head of HR
- Managed data systems and documentation
- Digital Media Team Member
- Maintained member data and records
- Supported operational and technical activities

Jul 2023 – Jul 2024

Cairo, Egypt

Institute of Electrical and Electronics Engineers (IEEE)

HR Member

- Conducted member interviews and data collection
- Supported training sessions and recruitment activities

Oct 2021 – Jul 2022

Cairo, Egypt

Projects

- VR Solar System Project (Graduation Project)
- The Lost Portal Coin Game
- Branding Projects
- Motion Graphics & Animation Projects
- 3D Animation Projects
- Marketing Campaign Designs
- Social Media Design Collections
- Candle Brand (Meraki) Branding Project

Publications

Real-ESRGAN and SWIN-U-NET Applications in Enhancing NASA Imagery for VR Solar System Models [↗](#)

IEEE | Published: 03 Oct 2024

Certificates

- Complete Virtual Reality Course – STCE
- Author & Presenter – IEEE Africa Council
- Volunteer Certificate – IEEE Africa Council
- CCNAv7: Introduction to Networks – Cisco
- CCNAv7: Switching, Routing, and Wireless Essentials – Cisco
- Vice Head of HR Certificate – Google Developer Student Club

Skills

Technical

- C#
- Unity Engine
- HTML5, CSS3, JavaScript
- Git & GitHub
